

## **Local 66 Political Action**

*All Members Can Receive a \$50 Stipend!*

Through the Mason Tenders District Council Political Action Committee of Greater New York & Long Island (MTDCPAC), we fight for critical government policies on behalf of workers and fight against the efforts of wealthy corporations to break up unions and reduce worker's rights. This means being heavily involved in the political process to help elect pro-labor individuals that will protect our interests. Construction and development are among the most regulated and complex industries on Long Island, and the MTDCPAC serves to represent the concerns of General Building Laborers' Local 66 at all levels of the national, state and local government.

***Local 66 members can receive political action stipends of \$50 for 4 hour shifts when doing door-to-door canvassing and other political action activities.***
